“The Elements” at Main Beach, Surfers Paradise, Gold Coast.

Antone’s famous sculptures on the beach are photographed by tourists from around the world. They were recently voted “Best Public Artwork” by the people of the Gold Coast.

“Penetration of the Wind” Guilin, China

Antone created this dynamic granite sculpture at the invitation of the world-renowned Yu-Zi Paradise Sculpture Park, where it remains on display today.

Antone has been creating exciting sculptures for more than 25 years. Highly skilled and working with challenging media such as **granite, marble, sandstone, wood and bronze**, he has ventured beyond the imagination to redefine conventional thought about contemporary sculpture.

Antone offers the sculpture enthusiast **intuitive solutions for their spaces**, selecting the most suitable and stimulating materials. **Personal consultation** before and during the creation of the commission ensures a prompt and highly successful outcome for you.

After delivery, you are warmly welcomed to contact Antone for assistance with moving or maintaining your sculpture.

We can also send you **regular updates on studio events** (open days and exhibitions) **and developments** (new sculptures and happenings in the world of sculpture), **at your request.**
